INTERNATIONAL
CONFERENCE
19, 20 & 21 February
IN CAPE TOWN

2015

Personalizing
**THINKING
AND LEARNING**
IN THE
CONCEPTUAL AGE

International Association for Cognitive Education
in Southern Africa International Conference

Celebrating 21 years
of Cognitive Education
in 2015

*We have moved from
the Agricultural Age
to the Industrial Age
to the Information Age
to the Conceptual Age.*

*We have moved from
an economy built on
people's backs to an
economy built on
people's left brains...
to what is emerging
today as an economy
built more and more on
people's **right brains**.*

- Daniel Pink (2006)

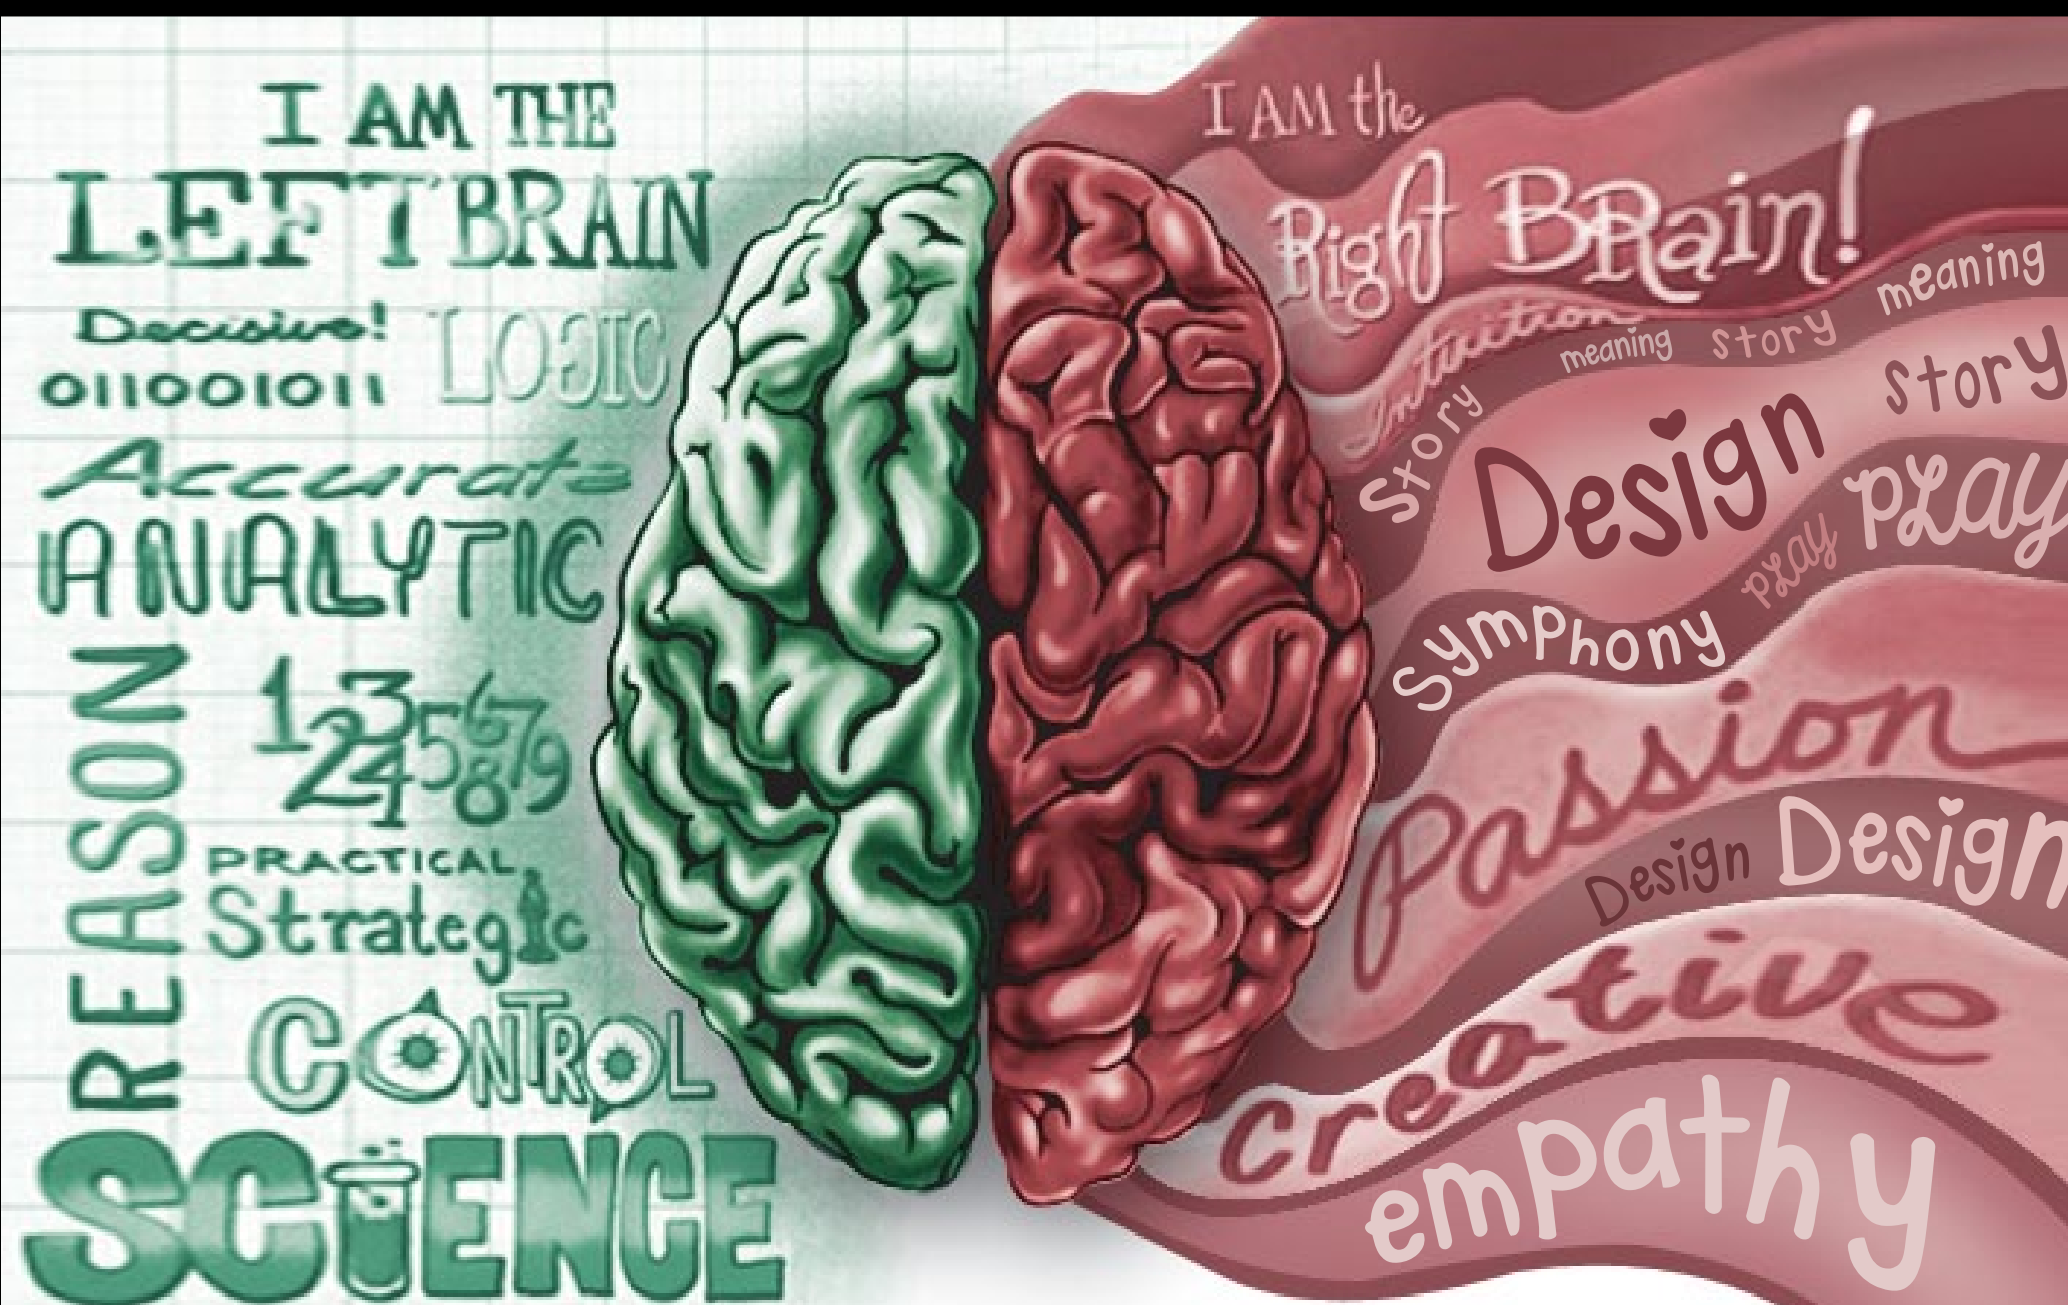

*How can we Personalize
Thinking and Learning in
the Conceptual Age?*
